Dear Janie,

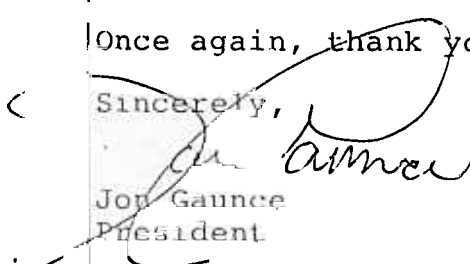

Thank you for your recent presentation to our Executive Council.

As you know, the San Fernando Valley and parts of Ventura County were severely damaged by the Northridge earthquake in January of last year. With the excessive damage to the water and sanitation facilities we experienced, your products would have been very useful.

While we cannot endorse your products for use by Letter Carriers on their routes, it would be a very practical idea to have a supply of your product on hand at the various Postal facilities. This would be especially important during emergency situations as we experienced. We wholeheartedly endorse your products for this reason.

Once again, thank you for your visit and presentation.

Sincerely,

Jon Gaunce
President
